

FMCSA Carrier Status Lookup Worksheet

Use this page to record a manual DOT website lookup before assigning a load.

Step-by-step lookup instructions

1. Open the FMCSA Company Snapshot search.

Go to safer.fmcsa.dot.gov and choose Company Snapshot.

2. Search by USDOT or MC/MX number.

Enter the number exactly as provided by the carrier or your TMS.

3. Confirm the carrier identity.

Match the legal name, DBA name, physical address, and phone number.

4. Record the operating status.

Copy the status shown by FMCSA and check the matching box below.

5. Save the result with your load file.

Initial the worksheet and add notes for any follow-up needed.
